

# Childs Play!

The Foschini Group believes that one of the keys to unlocking the potential of our country lies in the provision of and access to quality education for all citizens. Consequently the largest portion of our CSI budget is spent on education. Early childhood development plays an important role in the overall development of a child. Currently it is this area, which benefits most from our education spend.

In line with this approach The Foschini Group has donated world-class jungle gyms to pre-primary schools in impoverished communities in the Western Cape. To date, we have donated 18 jungle gyms. Besides playing a role in the development of muscles, playing on the jungle gym also helps with hand-eye co-ordination and general motor skills but most importantly, it's just a lot of fun!

To qualify, schools must cater for preferably a minimum of 60 pre-school children from disadvantaged communities and the educators must understand the importance of outside play for children. NGOs and NPOs (e.g. Wheat Trust, Grassroots, City Mission) that also receive Foschini Group funding are invited to recommend pre-schools for consideration to receive a jungle gym. Whilst all schools are advised on how best to maintain the jungle gyms, the project sponsorship includes maintenance for the first year.
